

“Bold”

1st Verse:

We're twenty-two, we got nothing to lose,
I still hit the snooze, but I still got you,
We're singing us a tune, in the middle of June,
Just holding hands, and swaying dreams,

Pre-Chorus:

Not saying it'll turn out this way,
But if it did I'd say,

Chorus:

Look how bold we are! Look how far we've come!
We're shining like the stars, and burning like the sun,
Look how bold we are! Look at where we've been!
Love is meant to win, love is meant to win,

2nd Verse:

We're forty-two, our jobs aren't new,
But our dreams still came true, because I still got you,
We're walking on the shore, no wine because we are mormon,
We sit on the beach, and realize we're in a dream,
(Repeat Pre-Chorus & Chorus)

3rd Verse:

We're eighty-two, there's uh nothing new,
Our time is almost due, but I still got you,
I'm in a wheelchair, with close-to-full white hair,
But you don't care, and you still stop and stare,
(Repeat Pre-Chorus)

Alternate Chorus:

Look how old we are! Look how far we've come!
We're shining like the stars, and burning like the sun,
Look how old we are! Look at where we've been!
Love is meant to win, love is meant to win,
